Michelle's Salon of Cuts and Styles / Non-Surgical Hairreplacement Center, LLC Capability Statement

PROFILE

MBE/WE CERTIFIED BFMB08995N1118

Michelle's Salon of Cuts and Styles, is a non-surgical hair replacement center, committed to educating and improving the lives of all those affected by hair loss due to cancer treatments, burns, alopecia and non medical reasons.

It is our goal to create public awareness for this complex medical condition of hair loss. We are dedicated to providing effective treatments for those who are committed to fighting physical and emotionally devastating hair loss disorders.

Michelle offers a virtually undetectable non-surgical hair replacement system, using a hypo allergenic medical adhesive to the scalp, creating a more natural and realistic hairline.

The application is painless, non-intrusive and resilient to sweat and water. A porous membrane allows the epidermis to breath and our ability to match hair style, color, thickness and texture creates the appearance of natural hair growing from the patient's scalp. Having worked with cancer and alopecia clients, this technique aids in the psychological and emotional needs of the hair loss patient to look and feel better, which can often directly impact their health and wellbeing.

TESTIMONYS

**"THIS WAS LIFE CHANGING FOR ME,
SINCE I SUFFER FROM ALOPECIA, I
NEVER KNEW THAT THIS HAIR UNIT
WOULD EVER BE POSSIBLE"**

ELLA M. SUBLET.
